# TSHEMBANI MHLONGO

## FRONT-END DEVELOPER

I am a full-stack web developer with a few years of experience in blockchain and website development. I love building things for the web. I enjoy creating delightful, human-centered digital experiences in web2 and web3.

## PROGRAMMING LANGUAGES AND FRAMEWORKS

- JavaScript (ES6,ES7,ES8)
- SQL
- Python
- TypeScript
- Java
- Solidity
- Rest Api (ExpressJs)

## WORK EXPERIENCE

### Aldabra.ai
**2018-2021**

I was an intern responsible for the design and development of the web application using ReactJS(NextJS), NodeJS, and Javascript using Firebase as the NoSQL, Database-as-a-Service Platform. I was also responsible for stable code refactoring, daily backups, sprint planning, and the migration of database entities which concluded with an 85% code reduction in the final production version.

### Tshogolo Technologies
**2021- 2022**

I was responsible for the design, development, and deployment of application features to build stable software

### Nervelabs
**2022**

Built the AAJ Rewards application for the loyalty application for AAJ Express Customers. Earn, Track and spend points.
